PRODUCT NAME	E6000/E8000 USB adapter: HS6000EIU01H	Lot No.	Reference Documents	E6000/E8000 USB Adapter User's Manual (ADE-702-325 (Rev. 1))			Effective Date	
		Ser. No. 0001 to 0027					Permanent	

In the E6000/E8000 USB adapter (HS6000EIU01H), the revision of the firmware was updated for the E6000H series emulator.

When the E6000H emulator is used:

The revision of the firmware written on the USB adapter must be updated. After updated, the revision will be 'C' or later.

(1) Download the firmware for the E6000H from the following URL:

http://www.hitachisemiconductor.com/sic/jsp/japan/eng/products/mpumcu/tool/download/e6000h/e6000h.html

(2) Extract and install the downloaded file according to the procedures provided.

When the E6000/E8000 emulator is used:

The firmware of the current version operates normally.

However, when you update the revision of the firmware, download the firmware from the above URL for the E6000H series emulator.
